

## **President's Report - April 15th 2019**

Hard to believe how close we are to the end of the season!

End-of-Year Surveys have been sent out and, as of, yesterday we have received 10 back already. Looking forward to seeing what insights we can gain from club members!

The bottle drive on March 23rd was a great success again with everyone earning just over \$17/hour per person that worked - we raised over \$1200 total! Thank you Adam!

Our photographer has been booked for April 23rd for Club Photos and we have a plan to execute a fast turn-around so that we have 8x10 collages for each swimmer in the club at the End-Of- Year Watershow.

More news on the End-Of-Year front: Adam has agreed to emcee again and Alicia has the names of all our swimmers to start to divide the names up for Entrees vs salads/appies. Myself and Danyka have offered to take care of the cake/cupcakes again this year as well.

I have already received one Letter of Intent from one of our Coaches and look forward to receiving the rest of them, as Carol has let them know that they are expected to be turned in, I believe, no later than the end of April.
