

President's Report March 1, 2023

Not a lot of new information to share as President today. We are at the transition point in the season where we are planning the end of the season as well as looking ahead to next year.

Becky and myself have signed up for a free offering through the RDN about running and maintaining Boards for organizations such as ours, taking place this Saturday March 4th. We hope to learn helpful information to help us with a succession plan for the RW board.

With the Grant approval we obtained to 'Grow! AquaGo!' there will be some more for us to do this spring/summer and we will need volunteers to help out as we participate in some local events to get word out about our club and try to get our AquaGo! Numbers up to help keep our little club going!

Provincials are being held in Nanaimo this year, so we will want to ensure that our members are aware that they are able to check out the competition (no charge) and see what that is like! We will have to be sure to share updated schedules and event times both, on social media and via email. I have also sent an email out to past club members to see if anyone has uniforms they no longer want, that they are willing to donate for our Novice team members who need them.
