

## President Report - Jan 2024

- Updating our website....
  - Took a quick look recently and the blog/news section is underutilized
  - I swapped out the calendar we had embedded and replaced it with the Google calendar that Carol and I have up to date (I think)
  - I added a board members section ( or revised the recently added section to make it look nicer)
  - I can make tutorials while I do this and save to the drive so that others can do this in the future (or now)
- Online store vendor
  - Took a couple attempts to get a reply from them
  - Sent me some examples of other stores, I think we essentially would just need to get clear on the types of merchandise we would want to offer on the store, and then we end up with a store URL from them and link to it from our website
- AquaGo member swap
  - New member joined this past week for the next session
  - Evelyn has decided it was a bit too hard for her and will try again when she's a bit older

### Action items

- Blog post when emails go out
- Be sure to send out regular emails - reminders, etc
- Make note to September/October - look into West Coast Seeds
- Swim-a-thon up next - get an email out and post up ASAP
