

Welcome everyone!

Registration is open and we have a good number of registrations so far. It looks as though we will be having two LComp teams based on how registration is going. We have room to bring in more swimmers into AquaGo! So hosting the See It Try Night still likely makes sense. Carol and I have been discussing over email.

Carol has secured pool space from 5:00 pm to 6:30 on September 25, Thursday evening. There is a young swimmer from Cumberland who would like to join, she is 11 or 12 and may slide directly into LComp. I have also invited a master who inquired. The young coach from Alberta who moved to Comox and is a nurse has expressed an interest in joining the club Masters, but is having a hard time as her schedule may not permit a full commitment.

She is excited to help our club, which I am excited about. She has certifications at the National Stream level from Alberta, she seems over qualified, which is a good thing, really. I spoke to her a couple of times over the summer and have passed on her info and she's likely going to get herself BCAS registered as a next step. I told her that if she was, we'd be happy to have her on board as a back up or substitute coach, if it fit or was needed. I don't think having too many coaches is a problem.

The numbers for registration at this time are solid. We can do some more marketing in the near term to see about adding a few more to AquaGo! But we'll have to be wary of the numbers as it looks like Debbie is the sole AquaGo! Coach.

The calendar on the website has been updated to include the seasons class and training times. Go check it out and let us know if you see anything that looks out of place, a massive thank you to Becky for inputting it into the new calendar on the website. Thank you!

I took the sound system back to Oceanside Electronics last week and I received a text today saying it is good to go. I have no idea if it actually is or not. If it is not working to what the coaches need after this attempt, I think we need to take it somewhere else. I am going to ask for someone else to step in and help me out with any further servicing to the unit.

Becky made a sweet t-shirt, you gotta check it out, it's excellent. I had an idea for this that I will speak about later in the meeting and see what everyone thinks. I think we need to lean into the whole mermaid aspect of the sport and that the girls are like mermaids. Mermaid tails, the word mermaid, all that kind of thing and playing on the words a little bit. Let's make it fun!

Thank you to Kim and Becky for helping with the club email, appreciate the both of you.

I can't think of much else at the moment, so I guess it is time to say "see you at the pool".

Mark Beuerman
